

Americans with Disabilities Act Transition Plan
Notice to Residents, Businesses and Visitors

Section I: Purpose

The City of Morrow complies with the Americans with Disabilities Act (ADA) of 1990. This act prohibits discrimination on the basis of disability and requires that no qualified individual with a disability shall, on the basis of that disability, be denied the benefit of services, programs, activities or employment provided by the City of Morrow.

Additional information concerning ADA's Title II regulations may be obtained at www.ada.gov.

Section II: Compliance

ADA compliance is determined through City of Morrow staff self-assessments obtained in field inspections, and by resident, business and visitors input. All repairs deemed appropriate to be in compliance with the Americans with Disabilities Act, will be scheduled and completed as soon as physically and financially possible. If repairs are not physically or financially feasible, reasonable alternate accommodations will be determined.

Section II: Grievances

Any person with a disability or any parent or guardian who represents a minor person with a disability, who believes that they have been the subject of a disability related discrimination on the basis of the denial of access to facilities, programs or services, should contact the designated City ADA Coordinator.

The City Manager of the City of Morrow is the designated ADA Coordinator .
